Safety Upgrade of the Laura to Gladstone Road

“The long awaited improvement to a section of the Laura to Gladstone Road will finally be receiving long overdue attention.

This road is a very important section to the north part of the state and is utilised by not only locals and the grain industry but also ever increasing road users accessing opportunities in regional towns.

I have lobbied hard for improvement to the roads across the Electorate of Frome and it is pleasing to see another arterial road being improved by the Government.” Mr Brock said..

A total cost of \$3.5 million is estimated for this road works and first stage has commenced. This stage is expected to be completed by the end of June 2015.

Geoff has asked that periods of school holiday’s and grain harvesting time be avoided as much as possible to reduce incident opportunities and have the least interruptions to our communities.

Geoff urges all drivers utilising this road to take care during this construction period and looks forward to its completion.”
