Solomontown Kindergarten – Upgrade to outdoor learning areas

Geoff is pleased to see one of our local kindergarten's in Frome benefiting from the Government's commitment to develop nature-based activity area in 20 preschools across the state by mid 2018.

Solomontown Kindergarten is one of five preschools and the first in Frome, who will receive upgrade to their outdoor learning areas. "Geoff said"

The outdoor learning areas, gives children the opportunity to learn through nature and play outdoors. Being active and learning new skills, promotes positive and healthy attitudes and behaviours that can be maintained over a lifetime.

It is great to see children will once again get the chance to spend more time outside in the fresh air and have an environment to play in that promotes using their imagination.

Upgrades will include mud play zones, orchards, turf mounds and tunnels, climbing trees, butterfly sensory gardens, creek beds, outdoor kitchens and chicken coops.

Geoff congratulates Solomontown Kindergarten on being part of this beneficial upgrade which will enhance children's involvement in outdoor play, giving them a positive learning environment.

Geoff looks forward to viewing the completed upgrade which is expected to be finished by June 2015.
