Hon Geoff Brock MP, Member for Frome

## Media Release

Thursday 14<sup>th</sup> May 2015

### Highway Lighting at Snowtown and Augusta Highway Junctions

Highway lighting at two busy Junctions on the Augusta Highway at Snowtown will ensure safer driving at night.

The installation of LED low-energy road lighting will be at the junction of Condowie Plain Road (also known as North Terrace) and Adelaide Road.

\$385,000 will be spent on providing lighting on the highway at these two junctions entering Snowtown.

“I have long lobbied the Government over the last couple of years to address the road safety of these junctions.

This highway is a key transport and freight route and these works will not only benefit the Snowtown Community but all road users who frequently use this route.” Mr Brock said.

This lighting upgrade is part of my agreement with the Premier and I’m very pleased to see work starting on the lighting project at these two junctions which will provide additional road safety.”

Speed restrictions will be in place while the work is being carried out between 7am and 5pm each day of the week.

I urge all drivers utilising this road to take care during this construction period and I looks forward to its completion which is expected by the end of June (weather permitting).”
