Pinery Bushfire

The recent bushfires have caused very traumatic results for the residents involved and also the families.

My thoughts are with the families of the 2 people who have lost their lives during this tragic event.

My thoughts are very much with the families also of the people who have been hospitalised with varying degrees of burns and hope and pray that they will make a recovery from these injuries.

My grateful and sincere thanks go to all the volunteers, including all emergency services for the great work that occurred during this event.

Our thoughts and prayers are with all concerned with the recovery and encourage those effected to ensure that they contact the relevant relief agencies and also for others that may not have been directly involved to keep a look out for any signs of issues that we may be able to assist these people.

Thank you to those that have provided support at the evacuation centres and to all who helped and continue to assist those affected by this devastating bushfire.

My thoughts and prayers are with all of those effected.

I strongly encourage our communities to prepare and practice your Bushfire Survival Plan. For more info visit: www.cfs.sa.gov.au or phone the Bushfire Information Hotline on 1300 362 361.
