Hon Geoff Brock MP, Member for Frome

## Media Release

20<sup>th</sup> December 2016

### **New LOCATION in CLARE for the Northern and Yorke Natural Resource Centre (NYNRC)**

It is wonderful to see the old TAFE campus in Clare spring to life with the relocation of the Northern and Yorke Natural Resource Centre. After visiting the new premises now open to the public, I was impressed by the refurbishment of this grand building and improved access that this location offers.

This grant building was the original Clare Primary School and opened on 8 August 1879 over 137 years ago.

This new location gives the Northern and Yorke Natural Resource Centre a great public presence and also improves access to the community and visitors alike.

The public can access information on a broad range of natural resources management services and information including land and water management, pest plant and animal advice and permits, educational resources, tourist and Parks SA information and wildlife and environment services

Through the NRM levy they not only preserve the environment but also invest in the sustainable, and socially responsible economic growth and prosperity of the region.

Mr Brock said, "There are many opportunities for those interested in preserving the environment to be involved and I encourage the public to visit and speak to the staff or board members about volunteer engagement opportunities. I hope the community and visitors will take the opportunity to visit the new centre and see for themselves what NYNRC is all about."

The Natural Resources Centre in Clare can be contacted on (08) 8841 3400 or visit at: 155 Main North Road, CLARE SA 5453.
